The Roster Generator will then after 2 weeks of learning create the suggested list of staff members that meet the specified criteria. Of course everything can be changed with drag and drop. The tool is easy to use and can save a significant amount of time when creating staff rosters. Here are some additional features of the Roster Generator:- The ability to assign staff members to specific shifts or positions- The ability to add staff members to vacation and sick leave coverage lists- The ability to add staff members to training and event lists- The ability to generate reports on staff rosters
