Viterma offers a comprehensive service for complete bathroom renovations, which includes all the necessary work from a single source. The advantages of working with Viterma include a single contact person for the entire bathroom renovation, tailor-made solutions and furniture for your bathroom, high-quality materials and products from well-known manufacturers, more space in the bathroom through optimal use of space, planning and security thanks to a fixed price guarantee, and quick installation in five days . The waiting time from the conclusion of the contract to the first shower in the barrier-free bathroom is usually around 2 to 3 months.
